

Elevated Blood Lead Investigator Certification

A certified Elevated Blood Lead investigator identifies lead hazards in personal items as well as lead-based paint, dust, soil, and sometimes water.

How to get certified

- ☐ Meet the certification requirements:
 - ✓ Must be certified as a risk assessor
- ☐ [Apply for state certification](#)
- ☐ Pass open book state exam

Other information you should know

- ☐ Certification must be renewed each year by submitting a renewal application by March 31. Once certified, you must take a refresher course and the state exam every three years to retain certification status.
- ☐ Contact the Healthy Homes Section Certification Team at 1-866-691-5323 or by email at HHSInfo@michigan.gov.
